About Us

FRIENDS,

There is no mission closer to our hearts than helping those with special needs break barriers to give them the best quality of life possible. Through Danny Kassab's journey and experiences, Ziad Kassab (our founder) was able to witness firsthand the challenges of living with a disability.

The D-MAN Foundation is asking for your support through sponsorships and donations to impact more lives than ever before. We will move mountains to make the impossible possible.

About The Event

Our Dreams Come True on Woodward event coincides with the Annual Woodward Dream Cruise but with a special twist. We help those confined to wheelchairs leave their chairs behind and physically transfer them into classic cars to cruise Woodward in style. Your sponsorship purchase will help us make dreams come true while promoting your business at the same time. With your support, we will facilitate more rides than ever before. Please check out our sponsorship levels on the next page and choose the one that fits you. Thank you in advance for your support..
